## Web Developer

I build user-focused web experiences that are interactive, dynamic, and visually engaging. What began with HTML, CSS, and JavaScript has grown into developing full-scale applications using React, Next.js, Tailwind CSS, TypeScript, Node.js, and Express.js. I am currently focused on mastering end-to-end web application architecture, including deployment, automation, and CI/CD practices to deliver reliable and scalable applications.

## SKILLS

- **Frontend:** HTML, CSS, Tailwind, Javascript, React.js, Typescript, Next.js, Responsive Design, Web Performance Optimization, Web Accessibility
- **Backend:** Express.js, Node.js, Next.js, MongoDB, PostgreSQL, Prisma
- **Tools & Collaboration:** Figma, Postman, Git, Github
- **Soft skills:** Critical thinking, Problem-solving, Effective Communication, Team collaboration, Adaptability, Eagerness to learn

## WORK EXPERIENCE

### Robust Infotech

12/2025 – Present

#### Web Developer • Sankhamul, Kathmandu • Full-time

- Worked on custom components and pages based on existing design references.
- Implemented animations and improved user interactions.
